

FabLab, SSGMCE is responsible for:

Teaching principles and practices of digital fabrication

Arranging lectures, recitations, meetings, and events for the class

Evaluating and providing feedback on student work

Offering clear standards for completing assignments

Certifying and archiving student progress

Supervising class preparation

Reviewing prospective students, instructors, and labs

Providing central staff and infrastructure for students, instructors, and labs

Fund-raising for costs not covered by student tuition

Managing and reporting on the program's finances, results, and impacts

Publicizing the program

I am a FabLab, SSGMCE student, responsible for:

Attending class lectures and participating in reviews

Developing and documenting projects assigned to introduce and demonstrate skills

Honestly reporting on my work, and appropriately attributing the work of others

Working safely

Leaving workspaces in the same (or better) condition than I found them

Participating in the upkeep of my lab

Ensuring that my tuition to cover local and central class costs is covered

Following locally applicable health and safety guidance

Promoting a respectful environment free of harassment and discrimination
